# YEAR ROUND COURSES

CULTURE

*Where will you choose?*

"I am delighted to present our Year Round 2026/2027 brochure highlighting details of all our year-round courses for individuals and groups! Our year-round courses offer excellent opportunities to create tailored programmes focused on each group's specific needs. From our exciting, engaging English With Activities courses to supplementary courses, including IGCSE examination prep and our exclusive World of Work courses, there is something for every group.

New for this year is a continued expansion of our group offering, with a particular focus on our teacher training programmes, which remain a key area of development. We are also pleased to further grow our international integration options, including opportunities in Malaysia, alongside our established UK and USA programmes such as Dover and Boston. In addition, we are introducing a new Winter Camp at Uxbridge/Brunel University, complementing our existing seasonal offering and providing students with even more choice for winter study experiences. Across all centres, our programmes are designed to build confidence, develop language skills and deliver meaningful international experiences.

All you have come to expect and for which we have an excellent reputation - customer service, dedicated teachers and student satisfaction - is central to the Study Holidays approach and we continue to evolve our course offering to suit all tastes."
